AMITY BUSINESS SCHOOL
Amity University Uttar Pradesh
Sector-125, NOIDA-201313 (U.P.) India
Telephone Number: 0120-4392339
Success in today’s fast-paced, dynamic and globalized environment calls for organizations to learn, adapt and re-invent themselves constantly, in tune with changing times.

To imbibe these vital capabilities, organizations are inspiring their leaders and professionals to imbibe meditative practices that enable expansion of their individual consciousness thereby contributing to growth of higher self-awareness, inner-clarity and poise, courage and humility – all of which are so essential for serving business and society, responsibly and capably.

The great Swami Vivekananda once said, “Consciousness is a mere film between two oceans, the subconscious and superconscious” The purpose of all spiritual practices, especially the practice of meditation is to lead this available consciousness to soar higher and higher in the infinite sky of super consciousness and to facilitate its plunging into the deepest ocean of subconsciousness.

Inspired by these ideals, the co-organizers of this unique conference – Amity Business School and Heartfulness Institute, USA – have come together to evolve an ‘experiential’ conference platform to fuel an exploration/dialogue on how insights and meditative practices drawn from Indian Spiritual Wisdom can be practically integrated with modern management and global imperatives of peace and sustainability.

The Conference will explore the following questions:

How can the modern-day organizations nurture and imbibe spiritual intelligence within their DNA?

How Practice of Meditation can elevate business and leadership consciousness and promote holistic wellness in the 21st century workplace?

How Spiritual Wisdom from India can be leveraged by organizations and leaders to conduct their affairs in a more responsible, conscious and sustainable manner?

How Spiritual Transcendence confers an opportunity to experience the infinite which exists in different forms and is realized in different ways?

The conference presents powerful speakers and panel sessions, experiential workshops on meditation, exposures to healing techniques (e.g. Reiki etc.) and also features industry leaders, scientists, experts from Neuroscience. Besides this, research papers and presentations offering an invigorating spectrum of ideas, food for introspection and inspirations to march on a journey of excellence and self-fulfilment, will be the key points of this event.

This Exclusive Spirituality Conference will provide an exceptional platform to relive after Inaugural ceremony through powerful sessions, Workshop on Meditation techniques from International Speakers, Reiki and other Healing techniques, plenary Sessions from experts of Neuroscience to Musicians researchers, scientists. The conceptual evidences through research papers will provide an invigorating spectrum of ideas, beliefs, self-assessment to introspect and retravel and unearth towards a journey of excellence and self-fulfillment.

It will be a unique experience of its kind with heart, mind and soul reviving meditation in the lush green environment of Amity Business School and an unforgettable visit to Vrindavan.

The sessions promise to illuminate us on how spiritual transcendence can elevate human consciousness to encompass issues of global sustainability, climate change and world peace.

Let’s begin for a true beginning!

Amity University was established under the aegis of RitanandBalved Education Foundation, a Non-Prof Education trust. It is the leading education group of India with over 1,25,000 students studying across 1000 acres of hi-tech campus. Amity University, Uttar Pradesh is Ranked as No. 1 Non-For-Profit Private University and NAAC 'A+' grade accredited. Amity is proud to have 4,500 strong faculty and leading corporate professionals as visiting faculty, who share rich industry experience with students.

Amity Business School (ABS) was established in the year 1995 by visionary and great strategist, Dr. Ashok K. Chauhan, Founder President under the aegis of Ritnand Balved Education Foundation (RBEF). It is because of his unparalleled vision that Amity Business School is ranked amongst the top Business School in the Country.
Its curriculum is practical and industry-oriented, updated annually by the Industry Advisory Boards. ABS work with a mission to create an ambience of academic excellence in which new ideas, research projects flourish and the leaders and innovators of tomorrow emerge.

Heartfulness Institute is a non-profit global organization offering Heart-centered Meditation practices to foster expansion of human consciousness & enable holistic well-being for aspirants/communities across the world.

Our mission is to help build balanced (centred), healthy and holistically educated individuals who can then create families, communities, organizations (whether private or public sector) that are powered by inspiration and a spirit of one-ness and joy.

Through a team of over 15,000 trainers, 50,000+ dedicated volunteers & over a million practitioners, Heartfulness Meditation programs extend to over 150 countries of the world. Our programs are offered to aspirants through various platforms/forums e.g. corporations, universities, colleges, schools, NGOs, villages, public events etc.
